HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L’archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d’enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Erratum to: Editorial for the Topical Issue “Numerical methods and HPC”

Line 25

The original phrase: “The exascale definition limited to machines capable of a rate of 10¹⁸ flops is of interest to only few scientific domains.”

Must be corrected by: “The exascale definition limited to machines capable of a rate of 10¹⁸ flops is of interest to only few scientific domains.”
